

**NEW**

Biometric  
electronic lock  
BR V.2 FP SECU

#### Graphic display

Optimum operability thanks to the tilting position: all functions and settings can be used even more easily via the high-contrast graphic display.

#### Fingerprint modules

The premium electronics stores up to 20 fingerprints and also up to 50 codes with individual opening authorisations.

#### Touch control panel

Simply touch the On button and the modern safe electronics are activated. Plus: two-colour lighting for even more comfort!
